BRIGHTON BEACH, N. Y., May 14.—(2 a.m.)—Death did not halt the dizzy swirl of the twenty-four-hour automobile race that began on the oval motordrome here last night, but a trifling disarrangement of the signaling system stopped all cars for twelve minutes.

William F. Bradley of Newark, N. J., mechanic for Lewis Strang, who drove a Marion, was fatally injured at 12:18 this morning when his car skidded at the turn into the stretch, crashed against the fence and turned three somersaults. He died an hour later at Coney Island hospital. Gild Anderson, who was driving for Strang at the time, escaped with nothing worse than scratches. Strang said the car would be back in the race again within ninety minutes, but at 2

POLICE RESCUE TWO YOUNG WOMEN TELL OF FIGHTING EDGE ABOUT JUNE 4TH TEDDY

BREAK INTO LUCAS POOLROOM

Charged with having enticed young women from their homes, proprietors of a poolroom at 207 South Washington street, and one of those arrested last night was Harry Dietz, chairman of the committee of the Indianapolis Society, and Police Sergeant White.

An assault charge was filed against Moss, and his bond fixed at $1,000, he is held on a less serious charge of promoting and contributing to the delinquency of girls. The parents of the girls reached by Police Capt. White last night, and was brought to Indianapolis.

When summoned to a midnight call to the North Alabama street yard, Mr. Dietz became involved in an incident. He was called to the street yard, and found there two young men drinking. He asked them the reasons for their visit, and they turned answers that the cars had gone a square. He searched Central Police Station.

Tell Pitiable

Sergts. Barnsahrain called into the investigation to a story told by the two young men, never to be recounted in the public ear.
